FOR IMMEDIATE RELEASE

BRIDGE ON 45TH STREET NORTH CLOSED

(Sedgwick County, Kansas) – A bridge in Sedgwick County's 4th District will be closed and remain closed until the extent of damage to the bridge has been assessed and repaired. The bridge, located on 45th Street North, just west of Hydraulic has been closed due to a hole that developed on the deck. This bridge is a 40-year old concrete structure that was built in conjunction with the Wichita-Valley Center Floodway Project.

"Convenient, safe roads and bridges continue to be a priority throughout Sedgwick County," said 4th District Sedgwick County Commissioner Carolyn McGinn. "While this project will cause some inconvenience to citizens traveling through this area, it is important that we assure safety."

The project will close traffic along 45th Street North between Hydraulic and Old Lawrence Road.
